Montreal Nationals Decisively Defeated

New Westminster Retains Minto Cup,
Winning Final Game of Series
With Challengers by Score of 12-
Even Goals to One—Galtraith and
Latonde Not in the Game.

Vancouver, B.C., Sept. 24.—The New Westminster lacrosse team today not only successfully defended the Minto Cup in the final game of the series with the challengers from Montreal, but also administered the most decisive beating to the challengers on record in any game for possession of the trophy. The final score was eleven to one in favor of the home ministers, making the combined score in the two games on which the possession of the trophy was at stake eight goals to four. The teams both took the field apparently weakened from having had to play up, Galtraith being off the Vancouver team because of his father's death, while Latonde was not with the Nationals because of a Vincent hospital visit as a result of a bad case of blood poisoning which is said to have been caused by a tick. The score was made with a dirty towl during the last match. Beauchamp replaced Latonde and King, who had to give up the match. Score by quarters:

In CLAIM OUTLAWED. The hearing in Sawyer, Masons Co. vs. W. A. H. Newell, before Judge Taylor in the District Court, was concluded this morning. The plaintiffs sought to recover for the defendant the sum of \$1,000, the cost of goods purchased from them by the defendants eleven years ago. No claim was made by the defendants at the time of the purchase. The last of these notes matured on January 1.

The case turned upon the interpretation of the law requiring that action must be brought within six years of the date of the note. Mr. W. A. H. Newell, for the defendants, contend that the claim had been rendered void by the statute of limitation and was within the period required by law. J. T. J. Collison, for the plaintiffs, held that the note had not been paid by the fact that payment on the note had been made, as shown by the company's books, after the six years had elapsed. The court held that the evidence received from the plaintiffs substantiated the claim and that the six-year limit stated expressly that no such payment had been made.

The hours of the day were given and showed record of such payment and the letters received by defendants, stating that no payment had been made, were held to be the result of a clerical error employed temporarily and unfamiliar with the work. Judgment was reserved.
